

Alexander Pittman

Kent, OH 44240 · (330) 221-4974 · apittma8@kent.edu · <https://www.linkedin.com/in/aepswdev>

SUMMARY

Motivated IT and Emerging Technologies software engineer with hands-on experience in software development, scripting, and RESTful API integration. Strong foundation in Python, C#, Java, JavaScript, Lua, PowerShell, and web technologies, supported by practical troubleshooting, system maintenance, and user support experience. Recognized for reliability, ingenuity, and high academic achievement. Seeking a software engineering role to apply programming and integration skills in a business environment.

TECHNICAL SKILLS

Programming: Lua / Luau, Python, JavaScript, Java, C#, HTML/CSS, VBA, Visual Basic, MS PowerShell, Unix command line, SQL (basic), R (basic),

Frameworks, Tools, Apps, & OS: MS Visual Studio, MS VS Code, IntelliJ IDEA, OpenText OTS Designer, GitHub, GitHub Copilot, GCP/Azure, Agile, .NET/Mono/XNA, RESTful APIs, MS Office, Windows, Linux

Technical Competencies: Application development, integration, scripting, debugging, version control, hardware & software troubleshooting, system updates, cybersecurity principles, ethical IT practices

EDUCATION

Kent State University – Kent, OH

M.S. Emerging Media & Technology (Coding & Analytics) | May 2027 | GPA 3.85

B.S. Information Technology | May 2026 | GPA 3.95 (summa cum laude)

A.S. Science | Dec 2024 | GPA 3.93 (with distinction)

EXPERIENCE

Systems Intern, *Ohio Machinery Co. (Ohio CAT, CAT Rentals, Peterbilt)*, Summer 2026

Integrated application components, resolved technical issues, and produced documentation; developed solutions using XML, Java, SQL, and OpenText OTS Designer; automated business processes with MS PowerShell and Python scripting

Student Technician, *College of Arch. and Env. Design, Kent State University*, Fall 2025 - Spring 2026

Performed OS updates and maintenance on lab computers, managed & troubleshoot issues with wide-format plotters/printers, provided daily technical assistance to students and faculty

IT User Support Technician, *College of Arts & Sciences, Kent State University*, Fall 2024

Delivered Tier 1 help desk support for university IT systems, resolved hardware/software issues and configured IT devices, assisted in classroom and department technical setups

PROJECT HIGHLIGHTS

- Portfolio: <https://apittma8.github.io>
- Converted XML & Image files to PDF format and uploaded via API for permanent archival
- Developed and extended programs in Lua / Luau, Python, JavaScript, Java, C#, & MS Powershell
- Integrated RESTful APIs into projects to enable dynamic data retrieval and expand features
- Built structured, responsive web pages and apps using HTML, CSS, JavaScript, React, and Node.js
- Automated repetitive Office tasks by creating VBA macros that improved workflow efficiency
- Installed desktop IT hardware and computing applications
