SUMMARY

Versatile software developer with multi-language experience and hands-on work in development, scripting, and RESTful API integration. Strong foundation in Python, C#, Java, JavaScript, Lua, PowerShell, and web technologies, paired with practical experience in troubleshooting, system maintenance, and user support. Recognized for reliability, ingenuity, creativity, and adaptability.

TECHNICAL SKILLS

Programming: Lua / Luau, Python, JavaScript, Java, C#, HTML/CSS, VBA, Visual Basic, MS PowerShell, Unix command line, SQL (basic)

Frameworks, Tools, Apps, & OS: MS Visual Studio, MS VS Code, IntelliJ IDEA, OpenText OTS Designer, GitHub, GitHub Copilot, GCP, Azure, Agile, .NET/Mono/XNA, RESTful APIs, MS Office, Windows, Linux

Technical Competencies: Application development, integration, scripting, debugging, version control, troubleshooting, system updates, cybersecurity principles, ethical IT practices

EDUCATION

Kent State University – Kent, OH

M.S. Emerging Media & Technology (Coding & Analytics) | May 2027 | GPA 3.85

B.S. Information Technology | May 2026 | GPA 3.95 (summa cum laude)

A.S. General Studies | Dec 2024 | GPA 3.93 (with distinction)

EXPERIENCE

Systems Intern, *Ohio Machinery Co. (Ohio CAT, CAT Rentals, Peterbilt)*, Summer 2026

Developed XML and image-to-PDF process integration using OpenText OTS Designer with custom Python tooling; managed day-to-day tasks independently with weekly alignment; integrated components, resolved issues, and produced documentation; automated processes with PowerShell and Python; updated Excel formulas and macros; deployed IBM ACS updates remotely and locally.

Student Technician, *College of Arch. and Env. Design, Kent State University*, Fall 2025 - Spring 2026

Performed OS updates and maintenance on lab computers, managed & performed troubleshooting of issues with wide-format plotters/printers, provided daily technical assistance to students and faculty

IT User Support Technician, *College of Arts & Sciences, Kent State University*, Fall 2024

Provided Tier 1 support for university IT systems, helping resolve routine hardware/software issues, configure devices, and assist with classroom technology setups.

PROJECT HIGHLIGHTS

- Portfolio: <https://apittma8.github.io>
- Converted XML & Image files to PDF format and uploaded via API for permanent archival
- Developed and extended programs in Lua / Luau, Python, JavaScript, Java, C#, & MS Powershell
- Integrated RESTful APIs into projects to enable dynamic data retrieval and expand features
- Built structured, responsive web pages and apps using HTML, CSS, JavaScript, React, and Node.js
- Automated repetitive Office tasks by creating VBA macros that improved workflow efficiency
